Since 2009, Guttenberg Gallery and Creativity Center has been opening doors to inspiration, creativity, and the arts in our community for you and your children. At no cost to the school, community, or families, we've provided more than 150 scholarships over the last six years to local students who might otherwise be without a safe, healthy extra-curricular activity.

Creativity Center

The Creativity Center is a community art studio that provides an outlet for children and adults. It's where we hold classes; it's where imaginations run wild; it allows anyone who enters to become an artist.

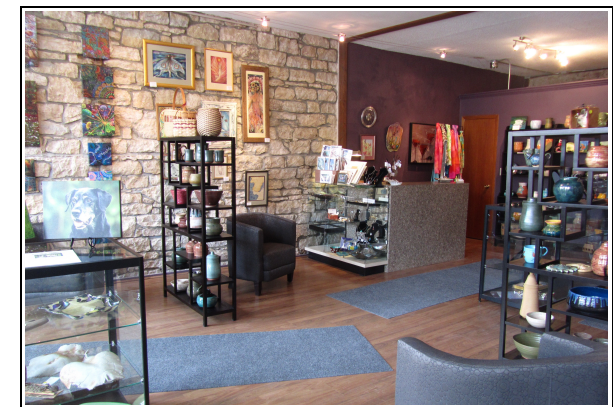

Classes and Events

In addition to holding regular open studio hours, we also offer classes in drawing, painting, ceramics, and more. For a full list of classes and events along with descriptions, please visit us online or sign up for our monthly e-newsletter.

Private Parties

Our community art studio is available for private parties. Use the Creativity Center to celebrate birthdays, bridal showers, private Diva parties, corporate team building, or cookouts in the courtyard. We will even create an event of your choice!

Guttenberg Gallery

Open during regular studio hours, Guttenberg Gallery is our exhibition space for area artists. The gallery supports local artists by exhibiting and selling their work, along with providing networking opportunities. Contact us to submit work for review.

Support the Arts. Become a Member.

Watch as your membership breathes life into the arts in your community.

Your support means art supplies for youth. It means keeping the lights on in a historic building. It means continuing to provide a nurturing environment for the children of our community, more cultural events, and more opportunities for self expression.

As we continue our journey toward sustainability, we invite you to contribute to the arts in your community by becoming a member. Annual memberships directly support local artists and musicians, free after school art programming, and outreach while providing you with many valuable benefits and discounts.

Your membership is an investment that directly influences art education, cultural events, and creative expression in your community. Join today to help us reach children one art project at a time.
